# ■ New Printer Distribution

- ❑ Districts with more CB Computable Printers than sites will not be required to move or return these Printers
- ❑ New Printer Distribution is expected to be completed before the end of November.
- ❑ It is recommended that Volunteers sign up for **FedEx Delivery Manager**
  - ✓ Notification of shipments
  - ✓ Hold, Redirect or provide Delivery Instructions
  - ✓ Sign for package in advance

# ■ What To Do with Old Printers

- ❑ Do Not Return to GraceWorks
- ❑ National staff will remove all non-CB compatible printers from OIS and Replace, Repair and Toner Cartridges will no longer be available
- ❑ Locally Recycle, Donate or use an e-waste collection center to dispose of old printers and their supplies
  - ✓ Stores like Best Buys, Target, Staples and Office Depot offer printer Recycle Programs

# ■ What To Do with Old Printers

- ❑ When you dispose of an old printer be sure to remove the AARP Asset Tag.
- ❑ Additionally All-In-One Printers with scanning capabilities require deleting the memory prior to disposal.
  - ✓ Instructions to delete the memory may be found in the printer manual or by researching the printer manufacturer website.
  - ✓ Recycle Centers may be able to provide assistance in memory clearing

# ■ Other Printer Recommendations

- ❑ In order save on paper it is recommended we use duplex (two- sided) printed with printers that have this capability
- ❑ Because TaxSlayer does not allow changing the order of pages, or inserting a blank page, just print a single page when needed
