

AARP FOUNDATION TAX-AIDE
02 - How Your Tax Return Will be Prepared
Using the Two Visit Scan Model

You will have two appointments to come to the site. During the first appointment, we will ask you questions about your tax situation, have you fill out several forms, and convert all of your documents to electronic images. The electronic images are saved in the same IRS-provided software we use to prepare your tax return. Our Counselors will prepare your return remotely. You will return to the site for a second appointment, during which we will review the return with you and answer any questions you have. Once you provide your consent for us to e-file your return, we will transmit the return to the IRS and provide you a copy of the return.
